

TWO-DAY OMS SEMINAR!

About Terri Bradley

Terri Bradley, CPC is the owner of Terri Bradley Consulting and co-founder of OMS Billing Solutions. With a hands-on background spanning more than 30 years Terri is a practice management expert devoted to her clients. She is highly sought after for speaking engagements offering medical/dental/OMS coding and billing workshops across the country.

About Sarah Leath

Sarah Leath launched Dental Care Solutions to provide consulting, training, eLearning and billing solutions. Having worked in every position in an OMS practice provided her with all the tools she continues to utilize today to assist OMS practices in achieving their goals. She is an engaging speaker, consultant and an EMR expert.

Straumann Auditorium

60 Minuteman Rd. Andover, MA 01810

Hours: 8:30am -4:00pm (lunch is included)

October 17 & 18, 2023

Are you looking for a course designed exclusively for OMS practices to help you gain control of your accounts receivables? Or maybe you need a workshop that will teach you OMS specific coding and billing guidelines with updates on the insurance industry? To take it one step further, perhaps it's how to utilize your software better to help you create proven systems on how to run an efficient A/R process?

If you answer yes to *any* of the above questions, please join Terri and Sarah for an interactive two-day event where they will cover the following in dynamic, round table, in depth sessions:

Learn what you can do now for your office to increase reimbursement and revenue! We will conduct a detailed overview of the entire A/R process from the first phone call to the office to the final patient statement. Attendees will work through each role in the office as well as scenarios. Once you understand what needs to be done, we will discuss the coding and billing aspect of OMS. Terri will also present her popular "Untangling the Web of OMS Billing" course to help you put it all together for success!

Learning Objectives:

- How to manage each role in the practice.
- Managing the reports and numbers from your software.
- Optimizing your software to create an efficient process.
- Claims processing.
- Coordination of benefits.
- Insurance industry changes.
- Reimbursement issues and questions; open forum roundtable.
- How to locate, prioritize and report ICD-10-CM codes.
- How to code for implants and grafting to both medical and dental insurance carriers.
- How to understand global surgical packages and the impact of how and what to bill.
- When to use modifiers and which ones to use.
- How to code for oral pathology services.
- How to code for OMS procedures (trauma, infection, anesthesia, etc.).
