

Coding Seminar

About Terri Bradley:

Terri Bradley, CPC, is the owner of Terri Bradley Consulting and founder of OMS Billing Solutions. With a hands-on background spanning more than 30 years Terri is a practice management expert devoted to her clients. She is highly sought after for speaking engagements offering medical/dental/OMS coding and billing workshops across the country.

Her publications include "Coding, Billing and Third Party Payers" in the *Fonseca Oral and Maxillofacial Surgery* textbook 3rd edition, Vol. 1, 2017, *Dictations and Coding in Oral and Maxillofacial Surgery* which she co-authored in 2017 and she is a contributing author in the *CDT Coding Companion: Help Guide for the Dental Team* 2017, 2018, 2019, 2020, and 2021.

Wednesday, October 26, 2022

Straumann Facility Auditorium

60 Minuteman Road, Andover, MA 01810

Hours: 8:30 am - 4:00 pm - lunch included*

***Please notify us of any dietary concerns before the event**

Are you looking for a course designed exclusively for OMS practices that can keep you current on updates and changes in the insurance industry?

If you answered yes, then you are not alone and this seminar is for you!

Untangling the Web of Oral and Maxillofacial Surgery

This course will draw on Terri's 30+ years of experience with medical/dental cross coding and billing for OMS Practices. She will cover the correct coding principles and guidelines for diagnostic and procedure coding seen most often in OMS practices. This includes coding for grafting and implants, oral pathology, trauma, orthognathic, oral appliances, radiology and anesthesia. She will walk through scenarios on all of these topics, when and how to use modifiers appropriately and when to use a dental code versus a medical code. She'll also examine updates on E&M changes that impact your practice.

Topics to be covered are:

- ICD-10 codes and documentation requirements, etc.
- Updated guidelines on the E&M Codes and CPT Modifiers
- Coding for Trauma and Radiology including CBCT and CDT updates
- Bone Grafts, Implants and Oral Pathology
- Coding for Anesthesia, Orthognathic, TMJ and Medicare

Learning Objectives:

- Understand correct coding principles and guidelines for diagnostic and procedure coding seen most often in OMS practices.
- Review scenarios with coding for common OMS procedures and understand when and how to use modifiers appropriately.
- Understand when to use a dental code versus a medical code.
- Review updates on E&M coding changes that impact your OMS practice.
